WEST GLADES @ BUKIT BATOK

Bounded by Bukit Batok West Ave 2 and 5, West Glades @ Bukit Batok comprises 5 residential blocks between 14 and 24 storeys in height. You can choose from 790 units of 2-room Flexi, 3-, 4-, and 5-room flats.

The development name is inspired by the layout of the residential blocks, which flank the spacious central green space resembling trees surrounding a tranquil clearing. Apart from lush landscaping within the development, the roof garden located above the Multi-Storey Car Park will serve as an additional spot to relax amid greenery. For the active, the children's playgrounds and adult and elderly fitness stations are ideal spots for daily activity and exercise. A childcare centre will be conveniently located in this development.

Please refer to the site plan for the facilities provided in the development. Facilities in this development will be accessible by the public.

IMPORTANT NOTES

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/ facilities (such as childcare centres, elderly-related facilities, education centres, residents' network centres, day activity centres, etc), commercial facilities (such as shops and eating houses), mechanical and electrical rooms, and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks, or stand-alone community buildings.

In addition, housing projects may be located near roads, railways, airbases, and land used for non-residential purposes. Hence, residents may experience higher noise levels. We have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans of individual projects, where feasible. The information provided is indicatively based on the current planning intent of the relevant authorities and is subject to change from time to time.
