

HDB Sales Launch – May 2017

Green Havens

Woodlands Spring is bounded by Woodlands Drive 60 and Woodlands Avenue 6.

Comprising 2 16-storey residential blocks, Woodlands Spring's design incorporates a variety of plants and flowers. The name 'Woodlands Spring' complements the nature-related names of surrounding developments such as Woodlands Dew and Woodlands Meadow. You can choose your home from 172 units of 3- and 4-room flats.

Please refer to the site plan for the facilities to be provided in Woodlands Spring. As this is a public housing development, facilities in this project will be opened to the public.

WOODLANDS

Important Notes

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/facilities (such as childcare centres, elderly-related facilities, education centres, residents' committee centres and day activity centres), commercial facilities (such as shops and eating houses), mechanical and electrical rooms and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks or stand-alone community buildings.

To facilitate your flat selection, we have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans in this brochure. As the information provided is based on the current planning intent of the relevant government agencies, they are indicative only and are subject to review from time to time.

Eco-Friendly Living

To encourage a 'green' lifestyle, Woodlands Spring is designed with several eco-friendly features:

- Separate chutes for recyclable waste
- Motion sensor-controlled energy efficient lighting at staircases to reduce energy consumption
- Regenerative lifts to reduce energy consumption
- Eco-pedestals in bathrooms to encourage water conservation
- Bicycle stands to encourage cycling as an environmentally friendly form of transport
- Parking spaces to facilitate car-sharing schemes
- Use of sustainable and recycled products in the development
